

Amphenol Broadband Solutions tool belt is made with Cordura nylon material, custom durable hardware and using heavy duty riveted construction. The ABS tool belt is durable as well as functional.

Multiple pouches with pockets will accommodate all the technician's tools, and it also has a holder for a hammer and a hook for a butt-in set. A metal chain is attached to hold a tape roll.

Available in 3 adjustable sizes from small to x-large.

Features:

- Padded Belt
- 2 Pouches with Pockets
- Hammer Sling
- Hook for Butt-In Set
- Metal chain for tape roll
